<b>Dr. C. K. Ashok Kumar &amp; Team</b> Professor & Principal, Sree Vidyanikethan College of Pharmacy, Tirupati, India.	<b>A Novel approach to Adaptogens</b>
<b>Dr. K. Mangathayaru</b> Professor, Department of Pharmacognosy, Faculty of Pharmacy, Sri Ramachandra University, Chennai.	<b>Herbal drug enriched bioengineered tissue constructs for wound healing</b>

## A 2-Day National Conference

On  
**RECENT TRENDS IN PHYTOPHARMACEUTICALS  
FOR TREATING CHRONIC AILMENTS**

25<sup>th</sup> and 26<sup>th</sup> October 2018

Organized by

Sree Vidyanikethan College of Pharmacy  
Sree Sainath Nagar, A. Rangampet, Tirupati, Chittoor (Dt) -517102

## About the College

Sree Vidyanikethan College of Pharmacy is established in the year 2004 by Padma Shree awardee Dr. M. Mohan Babu, a renowned Cine actor and educationalist. The college is been approved by the All India Council for Technical Education, New Delhi. Pharmacy Council of India, New Delhi, acclaimed with 2(f) and 12(B) status by UGC, New Delhi and affiliated to Jawaharlal Nehru Technological University, Anantapur. The college is spread on the sprawling campus of amidst picturesque environs facing the Tirumala Hills. IT savvy infrastructure, state-of-the-art laboratories and eminent teaching faculty are exclusive strengths of the institution. The basic degree course of Pharmacy education is designed to ensure that the newly qualified pharmacist has the necessary knowledge and skills to commence practicing competently in a variety of settings including community, hospital pharmacy and the pharmaceutical industry. Continuing professional development must then be a lifelong commitment for every practicing pharmacist. The education, which a pharmacy student receives, will affect the knowledge gained, the skills learned and the attitudes taken.

The College offers B.Pharmacy, Pharm. D, Post Baccalarate programmes and Masters in Pharmaceutical Analysis, Pharmaceutics, Pharmacology and Pharmacognosy and full time Ph.D program.

## About the Conference

Though the herbal medicines are very popular in the society, only few medicinal herbs have been scientifically evaluated for their potential in medical treatment. In most countries, the herbal drugs are poorly regulated and are often neither registered nor controlled by the health authorities. The safety of herbal medicines still remains a major concern. The student community and budding scientists are less known about targeting of phytoceuticals in treating various diseases and regulatory procedures for its standardisation. The main objective of the conference is to provide a huge and genuine platform for the research students, academicians, budding scientists to congregate and confer the role of phytopharmaceuticals in treatment of various ailments and its regulation. The Resource persons from industry and academics will share their expertise and throw limelight on significance of phytopharmaceuticals and its scope. Hence the conference will entertain promoting knowledge gain and awareness to the students regarding phytoceuticals. Also, the conference will bring into

consideration, the important and crucial issues of the subject. The present event also offers the researchers and students to exhibit their scientific findings. Proceedings of the conference will be published in conference souvenir, so that it can enlighten the scientists working in the field of Phytoceuticals.

## Call for paper

Delegates are invited to send their research and review article in an abstract format not exceeding 250 words to [submit2vidyanikethan@yahoo.com](mailto:submit2vidyanikethan@yahoo.com) on or before 17.10.2018. There will be oral or poster presentations for selected abstracts as per the schedule. The abstract should include title in upper case with presenting author underlined.
